

FRIENDS OF THE FARM

WELCOME!

"...the whole diet CSA"

Thank you for choosing Quarry Hill Farm as your source for organically grown proteins and produce. We work hard to ensure we are delivering the most nutrient dense, diverse, and environmentally sound products to our community. This

means that our products have not traveled hundreds of miles; they are grown and raised right here on the property. When choosing crops, we look first to heirloom varieties to safeguard these rare seeds from being lost among the more commercially

grown crops. Furthermore, our prepared foods are made on-site at our "Seed-to-Table" restaurant, the Mainland Inn.

These are just a few of the ways in which we are dedicating our farm and this land to preserving the gifts from the land. By participating in this program, you make it possible to continue our work here on the farm. We look forward to sharing more of our initiatives, favorite recipes, and news from the farm throughout this 2016 season- stay tuned!

NEW THIS SEASON

What is different about our Friends of the Farm Program?

The quality and diversity of our products have not changed, however the ease in which you incorporate these items into your family's life has! No longer are there three separate CSAs: meat, egg, and produce; now you choose exactly what and how

much of each you need. There is no limit to the combination and quantity of nutrient rich products. When at the register, present your prepaid card for the discounted price to be deducted from the amount placed on the card.
